STREET DIRECTORY

—AND GUIDE TO—

SUMMER RESIDENCES.

COPYRIGHT, 1902, BY SAMPSON, MURDOCK, & CO.

(See also List of Summer Residents on page 397.)

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 220 is located, you look at Broadway, and find that Gould Street runs from 202, and Park Street from 226, showing that 220 would come on the left, between Gould and Park Streets.

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist.

Names of Cottage occupants are in Italic.
